

I'm With Q'Pid Quilt

42" X 42"

Red Fabric for Arrows - $\frac{3}{4}$ yard

Pink Fabric for Arrows - $\frac{1}{2}$ yard

Red Fabric for Hearts - $\frac{1}{2}$ yard

Pink Fabric for Hearts - Fat Quarter

White Fabric - 1 yard

Backing Fabric - 2 yards

Red Arrow Blocks needed - 36

Pink Arrow Blocks needed - 28

Red Heart Blocks needed - 8

Pink Heart Block needed - 1

Cutting instructions

Red Arrow Blocks:

Cut 36 - Red 4.5"X4.5" Squares

Cut 36 - Red 3"X3" Squares

Cut 36 - White 1.5"X1.5" Squares

Cut 72 - White 3.75"X3.75" Squares

Pink Arrow Blocks:

Cut 28 - Pink 4.5"X4.5" Squares

Cut 28 - Pink 3"X3" Squares

Cut 28 - White 1.5"X1.5" Squares

Cut 56 - White 3.75"X3.75" Squares

Red & Pink Heart Blocks:

Cut 16 - Red 4.25"X 8.25" Rectangles

Cut 2 - Pink 4.25"X8.25" Rectangles

Cut 18 - White 2"X2" Squares

Cut 18 - White 4.50"X4.50" Squares

Cut 18 - White 1.5"X1.5" Squares

Either fold and crease or mark lightly with pencil
make a diagonal line for all the white squares:

18 - 2"X2" white square

18 - 4.50"X4.50" white squares

82 - 1.50"X1.50" white squares

128 - 3.75"X3.75" white squares

Also either fold and crease or mark lightly the

36 - 3"X3" red squares

28 - 3"X3" pink squares

Sewing instructions for Arrow Blocks:

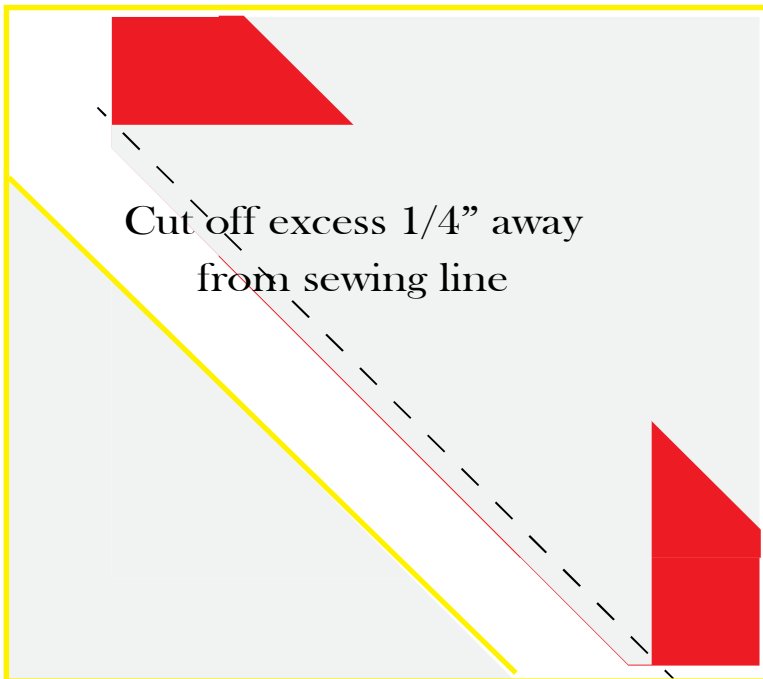

Take one of the 3.75"X3.75" white squares and place it on a red or pink 4.50"X4.50" square with right sides together (wrong side of fabric showing). Align top right corners of both squares to be even with each other. Sew diagonally from the top left corner of the white square to the bottom right use the fold or marking line as your guide.

Place your ruler on your sewing line and cut a 1/4" away from the sewing line to cut off the excess triangles. Iron so your seam is towards the white.

Repeat the process and place a 3.75” white square on the opposite corner (the bottom left). Sew along the diagonal crease or mark.

Arrow shaft completed.

Place a 3"X3" red square on the top left corner and sew diagonally across your marked crease.
Cut off the excess measuring 1/4" from the sewing line and iron open.

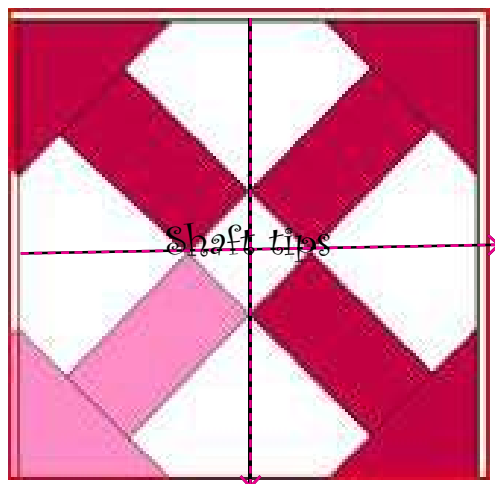

Now Place the 1.5"X1.5" square on the tip of the shaft. Sew diagonally across your creased sewing line and cut off the excess leaving 1/4" then iron open.

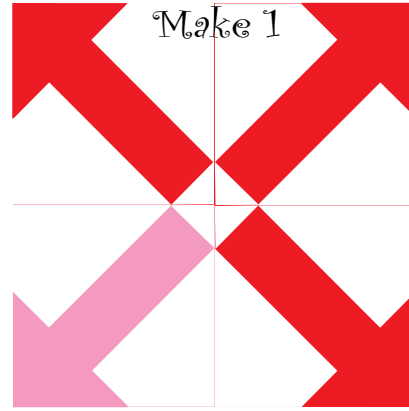

Using your ruler and cutter fussy cut both sides of the arrow shaft. Measure then cut 1/4" away from the soft corners. This will help you sew and line up your arrow blocks correctly. The next page will show how to pin and sew the block together.

Take two arrow blocks right sides together. Make sure the arrow shaft tips (bottom of arrow shaft) of the two blocks line up. Pin on both sides of the seam just like in the picture. Sew the blocks together then iron. Sew two more arrows together, then sew the 4 block in to one block. Make sure your arrow shaft tips face the center of the

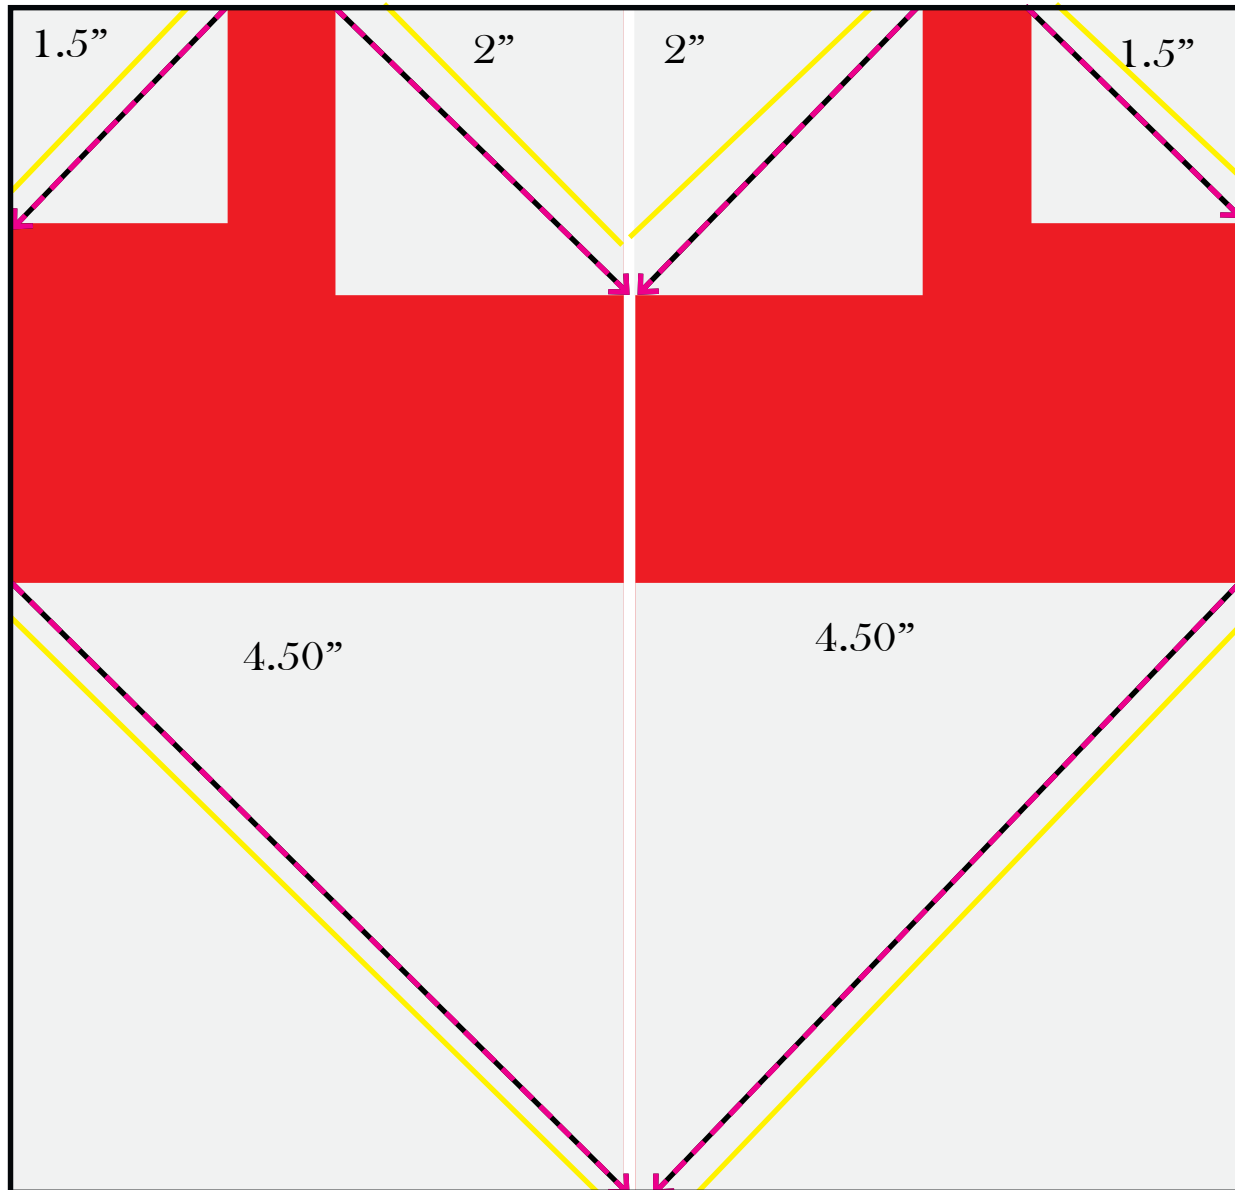

Next page shows how many of each the arrow blocks are needed.

Heart block assembly. It will be easier to make sure you have a left and right side if you lay and pin the correct size square to the position on the 4.25" X 8.25" rectangle. Shown on next page.

Pin each of the different sized squares to the correct corner of the 4.25" X 8.25" rectangle. Use the crease or marking line to sew diagonally across each square. Cut off the excess (yellow is cutting line) use 1/4" seam allowance and iron. After you have completed the heart blocks it is time to sew the blocks together.

Sew together the blocks for rows 1-5. Then sew the rows together as shown. You have now completed piecing I'M WITH Q'PID.

Remember, whatever your heart desires, go for it, it's yours to have for the making.
